SUPPLEMENTAL EXAMINER'S AMENDMENT

1. An Amendment was filed 2/23/06.

This document replaces that mailed 5/16/06 because rejoinder of previously withdrawn claims is required.

2. **Claims 1-26 and 38-52** are generic and allowable. Accordingly, the restriction requirement as to the encompassed species is hereby withdrawn, and **Claim 2**, directed to Species I, is no longer withdrawn from consideration since all of the claims to this species depend from or otherwise include each of the limitations of an allowed generic claim.

However, Claims 27-37, directed to Species II, remain withdrawn from consideration since they depend upon or otherwise include all the limitations of an allowed generic claim as required by 37 CFR 1.141.

In view of the above noted withdrawal of the restriction requirement as to the linked species, applicant(s) are advised that if any claim(s) depending from or including all the limitations of the allowable generic linking claim(s) be presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 44 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Art Unit: 3611

3. **Claims 1-26 and 38-52** are allowable because prior art does not disclose a trailer train comprising, *inter alia*,

links attaching the trailers, including a *first link* attaching the left side of a first trailer's wheel support to the right side of a second, adjacent trailer's wheel support, and a *second link* attaching the left side of a third trailer's wheel support to the right side of the second trailer's wheel support.
